

EVALUATION SUMMARY

Western Section AUA
 Wednesday, Oct. 29, 2008, 3:30pm - 5:15pm
 Kidney & Laparoscopy

	Scale: = POOR / ADEQUATE / EXCELLENT				
	1	2	3	4	5
PROGRAM OBJECTIVES	Total Pts	# Returned	Total Ave Score		
Describe the influence of histopathology, stage, 9p deletions on outcomes from renal cell carcinoma treatments.	658	151	4.36		
Compare outcomes of hand-assisted and pure laparoscopic nephrectomy.	657	151	4.35		
Discuss contemporary techniques and outcomes for partial nephrectomy.	662	151	4.38		

OVERALL EVALUATION

Increased Awareness of Subject	668	151	4.42		
Will Influence How I Practice	592	151	3.92		
Helped Me Improve Patient Care	611	151	4.05		
Was Educationally Sound and Scientifically Balanced	668	151	4.42		
Avoided Commercial Bias or Influence	660	151	4.37		

Points that will influence the way I will practice

I/we need a robot trained urologist in my area.
 Long term debate.
 Long learning wave.
 Robotic cystectomy.
 Can better discuss new surgi techniques with patients.
 Consider age and stage of renal cancer when planning aggressive treatment.
 Use of urethral clip during robotic cysectomy.
 Hand assisted laparoscopy leads to better outcomes.
 I will stick with hand assisted laparoscopy.
 Use of hemlock on suture free partial nephrectomy.
 Advocate renal u.s. for RCCA screening.
 Point on incorporating robotics to surgical training program.
 Feasibility of community based cystectomy with robotic techniques.
 Do better counseling of patients.
 Will start checking CK HALN patients and treat accordingly.
 Do not do a partial nephrectomy on solitary kidney.

Erik Castle, M.D. - State of the Art

The presenter demonstrated current knowledge of the topic.	685	151	4.54		
--	-----	-----	------	--	--

Moderators

The moderators guided and enhanced this session.	626	151	4.15		
--	-----	-----	------	--	--

Comments about moderators:

Speaks intelligently.
 Good.
 Kept clinical forms brief.
 Excellent.

Comments about moderators: (CONTINUED)

Dr. Evans asks good questions and seems very knowledgeable.
Great job with comments and questions.

Comments about speakers/course content:

Very knowledgeable.

Chris Evans lecture was great!

Less and less indications for open nephrectomy.

Best session of the Western Section.

Still great.

Great talk by Dr. Castle. Very practical.

Good speaker.

Excellent talk by Dr. Castle.

Dr. Castle is very objective.

Dr. Castle is a rising star!

Talks on internal outcomes of watchful waiting fro CaP was helpful.

Dr. Castle was excellent. Generated and facilitated excellent discussion!

Good lectures on laparoscopy and robotic partial nephrectomy.

Recommended topics for future meetings:

Robotic partial nephrectomy.
