

EVALUATION SUMMARY

Western Section AUA

Monday, October 27, 2008 - 7:45am - 9:45am

PREP COURSE #1 - Laparoscopy/Robotic Surgery - Tricks of the Trade

	Scale: = POOR / ADEQUATE / EXCELLENT				
	1	2	3	4	5
PROGRAM OBJECTIVES	Total Pts	# Returned	Total Ave Score		
Describe indication for laparoscopic approach to these problems.	239	53	4.51		
Discuss techniques for improving surgical outcomes.	238	53	4.49		
Assess correct patient selection for laparoscopic surgery.	236	53	4.45		

OVERALL EVALUATION

Increased Awareness of Subject	242	53	4.57
Will Influence How I Practice	220	53	4.15
Helped Me Improve Patient Care	225	53	4.25
Was Educationally Sound and Scientifically Balanced	238	53	4.49
Avoided Commercial Bias or Influence	248	53	4.68

Points that will influence the way I will practice.

Port placement.

Positioning.

There is more space between NVB and prostate capsule than appears on whole mount.

Tips and tricks of RACP very helpful.

Avoiding early stenting.

Increased my value as assistant surgeon.

Appreciated learning Dr. Kawachi's management of positioning and will consider trying this.

The position of the patient at time of surgery is critical to a good exercise in robotic assisted laparoscopy.

Apical urethra dissection.

Exactly how to preserve the neurovascular pelvis.

Positioning of ports.

Looking forward to having robotics in our area.

Wait to do stents until day of surgery.

I will actively advise patients that laparoscopy stent suspension is gold standard.

Approach to robotic pyeloplasty.

PRESENTERS

Paul Kozlowski, M.D.			
presenter demonstrated current knowledge of topic	247	53	4.66
Mark Kawachi, M.D.			
presenter demonstrated current knowledge of topic	255	53	4.81
Bruce Lowe, M.D.			
presenter demonstrated current knowledge of topic	236	53	4.45

Comments about speakers/course content:

Dr. Kawachi's points regarding nerve spring will be helpful.

Helpful and worthwhile.

All excellent.

Dr. Kawachi - need to include slides in booklet.

Need better AV effects - more smooth.

Excellent presentations!

Speakers need better AV support, the talks were excellent, their technical support was poor.

Dr. Kawachi excellent.

Excellent speakers.

Great course and speakers.

Very good presentations.

Loved the thought process of Mark Kawachi's presentation.

Talks were excellent.

Excellent speakers!

Recommended topics for future meetings:

More long-term outcomes - cancer control data.

Salvage robotic prostatectomy.

Laparoscopic appendectomy.

Vaginal slings.
