OVERALL EVALUATION

Increased Awareness of Subject	239	53	4.51
Will Influence How I Practice	225	53	4.25
Helped Me Improve Patient Care	239	53	4.51
Was Educationally Sound and Scientifically Balanced	255	53	4.81
Avoided Commercial Bias or Influence	252	53	4.75

Points that will influence the way I will practice:

Regular assessment of cardiovascular risk factors in ED pts.
 I do pediatric urology - not much impact on practice.
 Reinforced what I do.
 Further questioning on cardiovascular risk factors.
 Correlation of ED and cardiovascular disease.
 More thorough screening for non-urologic health problems.
 Need for attention to overall vascular/cardiac health.
 Need for history & exam for infertility work up.
 Influence how I do my infertility work up.
 Need for more of a work up on cardiovascular disease than I have done in the past.
 Increased awareness of cardiovascular risks in appropriate basis for intervention.
 Hormonal management of infertility.

PRESENTERS

Paul Turek, M.D.			
presenter demonstrated current knowledge of topic	264	53	4.98
Thomas Walsh, M.D.			
presenter demonstrated current knowledge of topic	257	53	4.85

Comments about speakers/course content:

Good.
 Both excellent & knowledgeable

Good course

Comments about speakers/course content: (CONTINUED)

Excellent review session

Excellent!

More trial questions

Dr. Walsh should speak for hours

Excellent review of both topics

Recommended topics for future meetings:

Surgical fertility treatment vs. IVI/IVP/ICSI - What is the data that supports each various patient group.

More time!

More reviews.
